

Revision number:

Purchasing Agent: ROSEMARY FRENCHWOOD

**Item: BATTERIES: AAA, AA, C,D, 9V, LANTERN, NI-CAD**

Vendor: 01047J HYLON KOBURN CHEMICALS  
PO BOX 26116  
SALT LAKE CITY UT 84126

Internet Homepage: [www.hyko.com](http://www.hyko.com)

Telephone: (801) 973-6099

Fax number: (801) 973-9746

Contact: RON STARR

Email address: [rong@hyko.com](mailto:rong@hyko.com)

Brand/trade name: EVEREADY

Price: SEE ATTACHED

Terms: NONE

Effective dates: 07/01/01 through 06/31/03

Days required for delivery: SHIPPED SAME DAY

Price guarantee period: 1 YEAR

Minimum order: CASE PACK

Min shipment without charges

Other conditions: (2) 1 YEAR RENEWAL OPTIONS AVAILABLE

---

**THIS IS A NEW CONTRACT**

---

State agencies in remote locations are not required to use this contract for purchases under \$25.00. They are to use best local source under normal procurement guidelines.

This contract covers only those items listed in the price schedule. It is the responsibility of the agency to ensure that other items purchased are invoiced separately. State agencies will place orders directly with the vendor (creating a PG in Finet) and make payments for the same on a PV referencing the original PG. Agencies will return to the vendor any invoice which reflects incorrect pricing.

Contract Coverage: Batteries covered by this contract are restricted solely to those specifically listed in this solicitation. Batteries and chargers designed for automobiles, forklift and material handling equipment, electric carts, powered wheelchairs, UPS systems, cordless power tools, etc. are NOT covered by this contract.

#### USER GUIDELINES FOR SELECTING BATTERIES BASED ON APPLICATION

**Industrial Alkaline:** Designed for heavy current drain or continuous use applications. Provides longest lasting power source of all primary batteries over a range of sizes. No mercury added. Alkaline chemical system. Special disposal not required. Operates under temperature extremes of -30 degrees C to 55 degrees C. Five (5) year shelf life at 21 degrees C. Suggested commercial applications: Portable communications equipment, cameras, audio devices, high-powered flashlights, pagers, TV remotes, telemetry, blood glucose monitors, blood pressure/pulse monitors, external infusion pumps, and pulse oximeters.

Eveready Energizer Model #'s: EN92 (AAA), EN91 (AA), EN93 (C), EN95 (D), EN22 (9V)

**Alkaline:** Designed for heavy current drain and frequent use. No mercury added. Alkaline chemical system. Special disposal not required. Suggested applications: Calculators, cameras, photo flashes, flashlights and lanterns, electronic games, motor toys, movie cameras, portable tape recorders, and portable TV sets.

Eveready Energizer Model #'s: E92 (AAA), E91 (AA), E93 (C), E95 (D), 522 (9V)

**Industrial Heavy Duty:** Designed for moderate-to-heavy current drains or regular use. Carbon-zinc chemical system. No mercury added. Special disposal not required. Three (3) year shelf life at 21 degrees C. Suggested commercial applications: Portable audio devices, smoke detectors, remote controls, flashlight and lanterns, and clocks.

Eveready Model #'s: EV115 (AA), EV135 (C), EV150 (D), EV122 (9V)

**Heavy Duty:** Designed for heavy current drain or regular use. No mercury added. Carbon-zinc chemical system. Special disposal not required. Suggested applications: Calculators, clocks, electronic games, flashlights and lanterns, portable tape recorders, radios, and toys.

Eveready Super Model #'s: 1212 (AAA), 1215 (AA), 1235 (C), 1250 (D), 1222 (9V)

**Industrial General Purpose:** Designed for low-to-moderate periodic power use. Carbon-zinc chemical system. No mercury added. Special disposal not required.

Three (3) year shelf life at 21 degrees C. Suggested commercial applications: Smoke detectors, remote controls, radios, flashlights, and lanterns, and electronic applications.

Eveready Model #'s: EV15 (AA), EV35 (C), EV 50 (D), EV22 (9V)

**General Purpose:** Designed for low-to moderate current drain or occasional use. Carbon-zinc chemical system. Suggested applications: Flashlights and lanterns, garage door openers, pagers, remote control transmitters, smoke detectors, and transistor radios.

Eveready Classic Model #'s: 1015 (AA), 935 (C), 950 (D), 216 (9V)

**Rechargeable Nickel-Cadmium:** Designed for high usage and higher rate of discharge. Designed to be recharged hundreds of times. Good high and low temperature performance. Suggested applications: Audio devices, electronic games, photo flash equipment, portable tools and appliances, remote control models, standby power, and toys.

Eveready Model #'s: CH12 (AAA), CH15 (AA), CH35 (C), CH50 (D), CH22 (9V)
